Mutual Spirit Flights

Mutual Spirit Flights  
Quickly deter destinations  
Otherwise stored, long term,  
By common sense.

Willfulness never knocked  
Before disrupting regulated quietudes,  
Or dredging up aural scenes  
Capable of reducing first functions.

I wait in green herbs,  
My created secrets having dawned  
Last night, among bursts of comprehension  
When recklessness rang out brilliance.

**KJ Hannah Greenberg** tramps across literary themes and genres to please audiences who love: slipstream fiction, poetry, parenting crises, and playing oboe from orchestras' second chairs.
