

A.J. Huffman

Experimental Expedition

Mind trip me through your bodies. Desire
seeps like silk from your eyes.
Their purpled hazing satire is intoxicating.
I swallow it in gulps and gasps. You laugh.
Name me goldfish and paint me electric pink.
You let me loose to glow among the sheets
of your song-soaked bed. And I worship
the beat of your ego against the shape
of the shadowed moon. It defines
the perfect shatter. Listen to the echo
of it falling three decibels beneath our kiss.
