

## Lidia Chiarelli

### Sailing North

*...and I sensed an infinite scream passing through nature*

**Edvard Munch**

I will not sleep tonight  
no, I will not sleep and I will look at  
the slow tides caressing  
the shores of lonely fjords.

My eyes will get lost into  
the fathomless void of the ocean  
as the last rays of the sun  
turn off  
the crimson horizon  
of a day  
which wants to linger

and then  
it will be the time

when in an unknown silence

I will listen to

your **scream**  
*Edvard Munch*

echoing loud and poignant  
modulated  
by the cold winds  
of a northern night.
